

My name is Beatrice Foti and I am going to be MilanMUN 2019 President of the General Assembly. I am 19 years old and I am attending Civico Liceo Linguistico Alessandro Manzoni. I started frequenting MUN in 2014, and over the years I have attended 10 conferences. MUN helped me to have more confidence in myself; it has broadened my horizons and given me an understanding of not only politics, but all aspects of the dynamic of the world, and thanks to which I know what I want to do in my life: my dream is to be a diplomat.
